

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

APR 11 2011

THE ADMINISTRATOR

Mr. William S. Spears
Chief Executive Officer
Energy Education Inc.
5950 Sherry Lane, Suite 900
Dallas, Texas 75225

Dear Mr. Spears:

On behalf of the U.S. Environmental Protection Agency, I am pleased to congratulate Energy Education Inc. for earning the 2011 ENERGY STAR Sustained Excellence Award. As a winner, Energy Education Inc. is part of a select group that is demonstrating a solid commitment to reducing greenhouse-gas emissions through energy efficiency and is achieving impressive results.

Your invaluable leadership in the ENERGY STAR program helps to inspire innovative marketwide practices and to drive technological advances that can improve profitability and fight climate change. ENERGY STAR's ongoing success demonstrates that climate-protection efforts are good for the environment and good for business.

Indeed, the ENERGY STAR label can now be found on more than 60 types of products as well as new homes, schools and commercial buildings. Last year alone, ENERGY STAR helped Americans save about \$17 billion on their utility bills and reduced greenhouse-gas emissions by an amount equal to the emissions from 30 million vehicles.

As we at the EPA continue to develop comprehensive, common-sense strategies to address climate change, we look forward to advancing our productive partnership in ENERGY STAR. In the meantime, please accept my congratulations on your well-deserved award.

Sincerely,

A handwritten signature in black ink, appearing to read "Lisa P. Jackson".
